“Jesus is living next to you, in the brothers and sisters with whom you share your daily existence.”

–Pope Saint John Paul

Lent is quickly approaching, with Ash Wednesday occurring on Wednesday March 5. A Lenten schedule of events is in this week's bulletin. The Lenten Retreat this year will be on prayer, entitled "The Best Way to Pray." and will be in the same format as last year, starting off with a soup supper at 6:00 followed by the retreat from 6:30 to 7:45. It will take place in three sessions and will be on Thursday nights, March 20, March 27 and April 4. I am very excited about it. The Stations of the Cross will be held on Fridays during Lent at 3:00pm at St. Patrick's. The time for thinking about Lent is now.

The results of the Diocesan census are in. It will take some time to sort it all out, but I can tell you what I know so far. There were 319 responses to the survey, most were sent online. The number of responses represents about 22 % Of the total number of families in the parish. That number is not far off from the Diocesan average. Of the 319 responses 33 were indicated as new parishioners. In looking at the data, there are certainly some people who are attending Mass here that have never registered in the parish. While others have just changed their status such as being married or change in marital status. Those changes have since been entered into our data base. Secondly, the census data shows that over two hundred parishioners had changes in their information. That data is currently being looked at. From a cursory look it seems that some of the changes involved phone numbers and e-mail addresses, which will be very helpful in contacting parishioners in the future. Some of the other changes appear to be minor changes. Once these changes are made the data will be sent to the Diocese to update their database. We will then develop a way to keep our data base and that of the Diocese in sync. We also received a list of all those in the parish that did not respond to the census, which made up the largest number. In looking through that list I found that there were names of weekly Mass goers who did not respond to the survey. Most of the names were unfamiliar to me. With the help of the Diocese and based on the experience of other parishes, we will develop ways to reach out to these people. Many thanks to all those who participated in the census.

#### MONTHLY FOOD COLLECTION

St. Francis & St. Clare Parish will again be following a food collection schedule developed by several area churches. Each church will collect specific items for the House of Concern and CAP each month. Although we are given specific items to collect, we will graciously accept **any** food or personal hygiene items. For the month of **February**, we will be collecting the following items for the House of Concern and CAP: **soup, razors, shaving cream**. Thank you so much for your continued support. EUCCHARISTIC PRAYER II**

**Therefore, we celebrate the memorial of his Death and Resurrection**

This is known as the anamnesis which comes from the Greek word "remember." The sense of the word "remember" is much different than we commonly use. We often think of remembering something in the past, but anamnesis is more than remembering the past, by our remembering, the past is made present and we look to the future. The true sense of anamnesis is made explicit in the Mystery of Faith which precedes it. What we re-remember is the paschal mystery, the dying and rising of Jesus. In doing so, God's love is made present through the actions of Jesus.

1. In remembering an event have you ever felt like you were experiencing it all over again?
2. What events in our lives would we like to make present again?

*"But rather, love your enemies and do good to them, and lend without expecting anything back..." -*

*LUKE 6:35*

Easier said than done, right? But, if we are to imitate Christ, most of us need to practice mercy and compassion more frequently. Start with the little daily annoyances that we experience, the unkind word or hateful glance we receive. Instead of plotting revenge on that person, try saying a quick prayer for that person. Praying for our enemies doesn't change them, it changes us. Mercy and compassion will keep us on the path to holiness.

## Love Your Neighbors– All of Them

### Stand up for people FROM other countries:

Catholics are standing up against the recent changes to federal immigration policies that are causing fear among our fellow Catholics and other people living in our diocese and across the country. Immigrants with and without documentation are afraid of being detained. Threats of mass deportations and the presence of heavily armed Immigration and Customs Enforcement (ICE) agents in cities in central New York have a chilling effect on people's willingness to go out in public and to send their children to school.

Pope Francis and U.S. Catholic bishops have spoken out against mass deportation and the dehumanization of immigrants. Bishop Salvatore Matano wrote in his [recent letter](#) to the faithful about the injustice of painting a group of people with the same broad brush and the need for laws that are truly just. He writes:

*"Because a very needed reform of immigration laws has yet to be achieved, persons who have come to this country to build a new life and who are contributing to society in many ways have found themselves in uncertainty. Like our ancestors who sought a new beginning in America, many hard-working immigrants desire a legal path to permanent residency and citizenship but a broken immigration system has not yet afforded them this possibility."*

Let's remember Jesus' word that when we fail to welcome strangers, we fail to welcome Him.

### Stand up for people IN other countries: Protest the Freeze on Humanitarian Assistance

From Catholic Relief Services: **"Your help is urgently needed! Let your members of Congress know that you are deeply concerned about the Administration's recent decision to stop work on almost all U.S. foreign assistance programs. This freeze will be detrimental to millions of our sisters and brothers who need access to lifesaving humanitarian, health and development assistance.**

The Administration has begun to issue immediate stop work orders on almost all foreign aid as they review State Department and USAID programs between now and April 20.

(continued on page 2)

**Humanitarian Assistance Freeze....**

Catholic Relief Services and the U.S. Conference of Catholic Bishops are calling on us to denounce the president's executive order to freeze aid to low income countries. In a [backgrounder on international aid](#), the USCCB wrote:

*International poverty-reducing humanitarian and development assistance makes up less than 1% of the annual federal budget. This small fraction of the budget supports the poorest and most vulnerable communities around the world.*

*Global health programs improve maternal and child health, reduce malnutrition, prevent malaria, and help orphans and vulnerable children affected and infected by HIV and AIDS. Development projects help farmers be more sustainable, increase access to and improve the quality of children's education, provide access to clean drinking water, prevent trafficking in persons, and build resilience in the face of climate change. Humanitarian interventions respond to urgent natural and human induced disasters, protect refugees and internally displaced persons, and provide U.S. grown commodities to people in need. Development finance mechanisms provide debt relief to the lowest-income countries and promote private investments that bolster health, agriculture, energy security, infrastructure, and small businesses in low-income countries.*

**Tell your members of Congress to engage with the Administration to reverse this life-destroying policy.**

**Support for New York Families with Children**

Join the New York State Catholic Conference is asking our State legislators in Albany to include Governor Kathy Hochul's [proposal](#) to increase the **NYS Child Tax credit** in the state budget. Tax credits are an effective way to help low and moderate income working families. Shamefully, the child poverty rate is around 18% in our state (nearly 1 in 5 children). This proposal will help struggling families to make ends meet. Go to [this link](#) to contact your State Assembly Member and State Senator on this issue.
